

3-SJØERSLØPET

Kjære løpere,

Oppdatert resultatliste for 3-Sjøersløpet 2012 er vedlagt på side 2,

Vi har forståelse for at mange har store forventninger til de oppdaterte resultatene. Vi ønsker å gjøre dette på en mest mulig ryddig måte, men dessverre vil det ved fravær av nettotid i systemet aldri bli 100 % riktig.

Vi har derfor valgt å gjøre følgende;

- Beholde bruttoresultatene som offisielle og som gjeldene for beregning av løpers plassering
- Vise målt nettotider for de 216 eneste som ble registrert individuelt ut fra start
- Vise innsendte nettotider for de som har sendt inn egen tid - målt med egen klokke
- For løpere uten registrert nettotid eller egenmålt nettotid har vi lagt opp ny nettotid basert på ett minutt fratrukk fra bruttotid (Pulje 2 startet ett min etter startskuddet)

Alle løpere får dermed en korrigeret tid som gjør det lettere å sammenlikne seg med andre løpere og tider for tidligere 3-Sjøersløp.

Vi har inntrykk av at deltakerne har vært ærlige i sin innrapportering av tider. Dette kommer spesielt godt frem for dem som allerede var registrert med nettotid i systemet, og som også har rapportert sin tid inn til oss. Vi har derfor ingen grunn til å tro at det er store avvik mellom den tiden deltakerne har rapportert og den de faktisk har brukt. Mange har også bekreftet tidene sine ved å sende link til nettsteder som for eksempel Garmin Connect/Endomondo/etc.

Listen er utarbeidet på alle tider mottatt innen annonsert tidsfrist 18:00 tirsdag 6.november 2012, ved publisering av denne liste anser vi nå resultatene som endelige.

Med vennlig hilsen,

3-Sjøersløpet 2012

Anmerkninger:

1) Elite / Bruttotid: Dette er tiden som er målt med tidtakersystem fra startskudd til løper har passert målstreken. **2) Registrert nettotid:** Dette er nettotiden fra tidtakersystemets registrering av løpers passering av startstreken til løpers passering av målstreken. 3-Sjøersløpet har valgt å beholde nettotidene registrert av tidtakersystemet, disse går da foran tider løpere selv har sendt inn i ettertid - ettersom det her er snakk om svært små forskjeller i tidene. **3) Egenmålt nettotid:** Hvor systemet ikke har nettotider, anvendes nettotider som løpere selv har rapportert inn til oss. **4) Bruttotid minus 60 sekunder:** Løpere i pulje 2 som ikke har registrert nettotid eller sendt inn egenmålt nettotid er vist med bruttotid (se #1) minus ett minutt.
